	MEMO
То:	Middleton Town Council
From:	Chris Millier
Date:	June 1, 2017
Re:	MPS/LUB Amendment Request, Lands of Bruce Automotive Group
	NS Limited, 14 Taylor Drive, PID 05007877

The Town has received a request from Bruce Automotive Group NS Limited to rezone lands located at 14 Taylor Drive (PID 05007877) from Residential (R) to Highway Commercial (HC) to allow the use of the property in conjunction with the existing automotive retail establishment located on the adjacent property at 451 Main Street.

The purpose of this report is to provide Town Council with an overview of relevant provisions contained in the Town's Municipal Planning Strategy and Land Use By-law and to identify options which Town Council may wish to consider in response to the request.

Existing Property and Context

The subject property, PID 05007877, is located on the east side of Taylor Drive north of Main Street. The lot contains an area of approximately 92,179 sq. ft. (2.1 acres) with a Taylor Drive frontage of approximately 85 ft. (26 m). The lands are vacant and generally flat. The eastern boundary is defined by a small watercourse. The lot is surrounded by and abuts existing residential development on the east, north and west boundaries. An existing automotive dealership is located to the south

The applicant has not provided any specific information about the proposed use of the property however a portion of the property has been and is currently used for vehicle parking and storage relating to the adjacent automotive dealership. The current use of the property is inconsistent with the Land Use By-law. The Town has provided the property owner notice that the current use of the property is a violation of the By-law.

Current MPS and LUB Provisions

The subject property is currently designated as Residential on the Municipal Planning Strategy's Generalized Future Land Use Map and is Zoned Residential (R) on the Land Use By-law's Zoning Map.

Generalized Future Land Use Map

Zoning Map

Page 2 of 7

The purpose of the Generalized Future Land Use map is to identify the intended type of land use for various areas of the Town. The Municipal Planning Strategy establishes a Residential Generalized Future Land Use designation and a separate Highway Commercial Generalized Future Land Use designation.

The Zoning Map, contained in the Land Use By-law shows how the various different zones are applied to individual properties throughout the Town. The Residential (R) Zone is applied within the Residential GFLU designation and the Highway Commercial (HC) Zone is applied to the Highway Commercial GFLU designation.

The Highway Commercial designation identifies those lands that are intended for current and future highway commercial use. Existing residential uses which are located in the Highway Commercial GFLU designation are zoned residential until such time as commercial development is proposed for these lands.

Only residential zones are applied to the Residential GFLU designation. The Highway Commercial (HC) Zone is not applied to the Residential designation anywhere in the Town

The general intent of the Strategy is to identify and differentiate specific areas for both residential and commercial development and to provide for zones to regulate existing and new development in each.

In order for the subject property to be rezoned to Highway Commercial it is necessary to amend the Generalized Future Land Use designation to confirm that the general intended use of the is for commercial rather than residential purposes.

Amendments to the MPS

The Middleton MPS contains the following policy relating to amendments to the Strategy.

- 3.2 Municipal Planning Strategy Amendments
 - *13.* It shall be the intention of council to require amendments to the policies and maps of the Municipal Planning Strategy in the following situations:
 - (a) where any policy intent is to be changed;
 - (b) where the Municipal Planning Strategy is in conflict with applicable provincial land-use policies or regulations in accordance with the <u>Municipal Government Act</u>;
 - (c) where a requested amendment to the Land Use By-law is in conflict with this planning strategy and there are valid reasons for the amendment; or
 - (d) where a secondary planning strategy is to be incorporated into the Municipal Planning Strategy.

Page 3 of 7

Amendments to the Land Use By-law

The MPS contains the following policies relating to amendments to the LUB (rezoning).

3.5 Amending the Land Use By-law

It may be necessary from time to time to amend the Land-Use By-law, although the bylaw must always be in conformity with the Municipal Planning Strategy. Those situations for which there is provision to initiate the process of amending a Land-Use Bylaw include:

- (a) a request by an individual to amend the by-law;
- (b) a motion by a member of council to amend the by-law; or
- (c) the amendment of the Municipal Planning Strategy such that the Land-Use By-law is not longer in conformance with the strategy.
- *18.* The Council in considering an amendment to the Land-Use By-law shall comply with all requirements as provided for in the <u>Municipal</u> <u>Government Act</u>, and this strategy.
- 19. It shall be the intent of Council that the following uses, within the designations specified, shall only be considered by amendment to the land use by-law:
 - (a) mobile homes in the Residential Designation (Policy H11).
- 110. In considering an amendment to the Land-Use By-law the Council shall have regard for those matters identified in Policy I-16 as well as those criteria set out in other applicable policies of this Strategy.
- *I11.* In considering amendments to the Land-Use By-law, it shall be the intention of Council to:
 - (a) request a report from the development officer;
 - (b) refer the matter to the Planning Advisory Committee for their report with respect to any other policies of this strategy which affect the proposed amendment.
- 112. In considering an amendment to the land-use, Council shall hold a public hearing in accordance with the provisions of the <u>Municipal Government</u> <u>Act</u>.

3.7 Criteria for Amendment to the Land Use By-law and Evaluation of Proposals for Development Agreements

Zoning and Development Agreements are mechanisms for implementing land use aspects of Municipal Planning Strategies (MPS). As such they must be in conformity with the MPS. An Amendment to a Land Use By-law or entering into a Development Agreement can have a significant impact on fiscal, land use and other matters in the Town. With this in mind, the <u>Municipal Government Act</u> provides that a Municipal Planning Strategy contain the criteria to be used by council when considering an amendment to a Land Use By-law or entering into a Development.

116. In considering amendments to the zoning in the by-law or, entering into development agreements, in addition to all other criteria as set out in various policies of this planning strategy, Council shall have regard for the following matters:

That the proposal is in conformance with the intents of this Strategy and with the requirements of all other Town By-laws and regulations;

- (a) That the proposal is not premature or inappropriate by reason of:
 - (i) the financial capability of the Town to absorb any costs relating to the development;
 - (ii) the adequacy of sewer and groundwater to support the proposed density of development;
 - (iii) the adequacy and proximity of school, recreation and other community facilities;
 - (iv) the adequacy of road networks adjacent to, or leading to the development;
 - (v) the potential for the contamination of water courses or the creation of erosion or sedimentation;
 - (vi) stored water capacity for fire protection;
 - (vii) the potential for damage to or destruction of historical buildings and sites.
- (b) That controls are contained in a Land Use By-Law or a development agreement so as to reduce conflict between the development and any other adjacent or nearby land use by reason of :
 - (i) type of use;
 - (ii) emissions including air and water pollutants and noise;
 - (iii) height, bulk, and lot coverage of the proposed building;

- (iv) traffic generation, access to and egress from the site, and parking;
- (v) open storage;
- (vi) signs;
- (vii) similar matters of planning concern.
- (c) Suitability and development costs of the proposed site in terms of steepness of grades, soil and geological conditions, marshes, swamps, or bogs and proximity of highway ramps, railway rights-of-way and other nuisance factors.
- (d) Provision is made for buffering, landscaping, screening and access control to reduce potential incompatibility with adjacent land uses and traffic.
- (e) Development is located so as not to obstruct any natural drainage channels or watercourses.

Planning Considerations

As the subject property is currently designated for residential use through its Generalized Future Land Use designation it will be necessary for Council to consider whether commercial use of the property is appropriate and consistent with the overall goals of the Municipal Planning Strategy. This is a policy decision which should consider the character of the general area, the nature of existing adjacent land use and the general directions for new growth and development which Council deems appropriate for the Town.

If a revision to the current Residential designation is to be considered, Council may wish to evaluate whether the entire property should be redesignated. The current non-conforming commercial use is generally limited to the southern portion of the property located immediately adjacent to the existing Main Street automobile dealership. The property may have more than one Generalized Future Land Use designation applied to it and the boundary of the designation would denote the boundaries/limits of the differing uses.

The Municipal Planning Strategy establishes criteria (Policy I 16) which are required to be considered when considering whether a proposed rezoning is appropriate. The criteria address a broad range of planning issues such as: the type of development; capacity of adjacent roads and services; compatibility with adjacent development; and the physical and environmental character of the property. Council must consider these criteria in the context of determining the overall appropriateness of any proposed rezoning.

Process and Next Steps

An amendment to the MPS (changing the Generalized Future Land Use designation) and an amendment to the Land Use By-law (rezoning) can be considered through the same process.

The Municipal Government Act requires that when Council considers any amendment to the MPS it must first undertake a public consultation process. The form that this consultation process takes is at the discretion of Council. Previously the Town has held a public meeting to serve this process. Notice of the meeting must be circulated in advance. It is noted that Council is not obligated or compelled to consider any particular request to amend the Strategy as it is a policy decision and Council has complete discretion on policy matter without the right of appeal be an applicant.

Policy I 11 of the Town's Strategy also stipulates that Council receive a report about the proposed rezoning from the Development Officer and the Town's Planning Services Public Advisory Panel.

Following the public consultation and the Planning services Public Advisory Panel review process Council must hold a public hearing before voting on the proposed amendments. Notice of the hearing must be circulated in advance.

Amendments to the Municipal Planning Strategy are subject to review and confirmation by the Minister of Municipal Affairs and only come into effect following confirmation by the Minister.

REQUEST FOR DECISION Application to Keep Domestic Fowl # 007-2017

Date: June 1, 2017	Subject: Domestic Fowl
Proposal Attached:	Submitted by: Sharon McAuley

Proposal:	Grant permission to Justin Westcott of 90 Main Street to keep 6- 10 laying hens within the Town of Middleton, subject to the conditions outlined in the Farm Animal & Domestic Fowl Bylaw, Chapter 32.
Background:	Mr. Westcott has made application to keep 6-10 laying hens on his property at 90 Main Street. This requires an application to Council for permission, and per the policy, for them to ask each of the neighbouring property owners to write a letter of support for their application.
Benefits:	The chickens will help with pest control on the property and also for food.
Disadvantages:	None – all neighbours have agreed to their request.
Options:	 Approve the application. Decline the application.
Required Resources:	None.
Source of Funding:	Applicant will purchase the hens and build the chicken coop. there is no cost to the Town.
Sustainability Implications: (Environmental, Social, Economic and Cultural)	More and more people are keeping chickens for food and to help with pest control on their properties.
Staff Comments/ Recommendations:	As all neighbours have agreed with the applicant having chickens, staff do not foresee any problems with approving the request.

Chapter 31 Cont'd.

6. A license issued under this By-law shall be valid until the 31st day of MARCH = next following its issue unless sooner revoked or suspended.

76

7. A license issued hereunder may be suspended or revoked by the Council if the holder thereof fails to comply with Sanitary Regulations respecting Auto Trailers made under the authority of Chapter 13 of the Acts of Nova Scotia, 1962 and amendments thereto, the Public Health Act.

8. Every licensee shall display his license on demand of a Police Officer or constable.

9. The Clerk on payment of twenty-five cents shall replace any license when a person licensed files with the Clerk his statutory declaration that it has been lost, stolen, or destroyed.

10. The Clerk shall keep a record of every license issued by him, with a number on each record corresponding to the number inserted in the license.

11. Every person who violates or fails to comply with any of the provisions of this By-law shall be liable on conviction to a penalty not exceeding Fifty Dollars, and in default of payment to imprisonment for a period not exceeding thirty days.

CHAPTER 32 - FARM ANIMALS AND DOMESTIC FOWL BY-LAW

Council: July 7, 1969 Minister: Sept. 11, 1969

Ç

BE IT ORDAINED by the Town of Middleton in Council as follows:

1. No person shall keep cows, horses, mules, asses, sheep, goats, pigs, foxes, mink, geese, turkeys, hens, or other domestic fowl or any of them within the limits of the Town of Middleton, unless, and until such person shall have first applied for and obtained from the Town Council a permit for such keeping.

2. (1) Any person who desires to keep any of the aforementioned animals or fowl within the limits of the Town may make written application to the Town Council addressed to the Town Clerk which application shall be considered by the Town Council as hereinafter provided for at its first regular meeting after receipt of such application.

After due consideration of the application by the Council and the Medical Health Office the Council may grant a permit in writing to the applicant for such keeping provided that such keeping in the opinion of the Council and Medical Health Officer,

(a) will not create a nuisance as defined by Section 47(3) of the Public Health Act, Chapter 247 of the Revised Statutes of Nova Scotia 1957.

(b) will not cause physical damage to the person or property of adjoining owners.

(c) will not be injurious to the public health.

Chapter 32 Cont'd

3. Any permit granted under this by-law shall remain in force for a period of one year from the date thereof, unless sooner revoked due to violation of the provisions contained in Section 2(1), (a), (b) and (c) prior to the expiration of one year, after which time a further application may be received and dealt with by the Council as herein provided.

(a) No fees shall be chargeable by the Town Council for such permits.

4. Persons in this by-law shall include any firm, company or corporation.

5. Any person who violates or fails to comply with the provisions of this by-law shall be liable to a penalty not exceeding \$50.00, and in default of payment to imprisonment for a period not exceeding twenty days, and for a second or subsequent offence to a penalty not exceeding \$100, and in default or payment to imprisonment not exceeding two months.

REQUEST FOR DECISION Request for Use of Town Logo # 008-2017

Date: June 14, 2017	Subject: Request for Use of Town Logo by DIR Standard
Proposal Attached: Yes	Submitted by: Sharon McAuley, Executive Assistant

Proposal:	Mark Grace has asked permission to use the Town logo on an arts pilot project site that he is working on.	
Background:	The Town has received a request from <u>www.dirstandard.com</u> to use the Town logo on their website arts-ns.ca The Town's Policy on the use of the Heart of the Valley Slogan states that for a nominal fee, Council may grant approval for its use on a commercial product.	
Benefits:	• May drive some traffic to the Town website.	
Disadvantages:	 The website is in its infancy. The company does not seem to be registered with Joint Stocks. Businesses associated with the arts will be solicited to be part of DIR catalogue. They do not seem to have any endorsements from the arts community. Arts Nova Scotia is the provincial funding agency that provides support to professional artists, arts organizations, etc The Arts in Nova Scotia are also marketed through <u>www.novascotia.com</u>. Town policy indicates a preference for commercial enterprises, community groups and sports groups within the Town and immediate area, none of which categories this request falls under. 	
Options:	Allow DIR Standard to use the Town Logo for a nominal fee.Do not allow DIR Standard to use the Town Logo.	
Required Resources:	Town resources will not be required.	
Source of Funding:	n/a	

Sustainability Implications: (Environmental, Social, Economic and Cultural)	n/a
Staff Comments/ Recommendations:	 I do not recommend that DIR Standard be granted permission to use the Town Logo for the following reasons: the project does not seem to have the support of the Arts Community; the marketing of the "creative culture" in Nova Scotia already has established mechanisms that are supported by the industry; the website is in its infancy and very unsophisticated.
CAO's Review/ Comments:	I support the recommendation made for the reasons noted above.

Coverage: Staff & Public	Approved by: Council & CAO	
Effective Date : July 2, 2002	Revision Date: September 5, 2006 March 2, 2009	

Rationale

The following policy establishes guidelines for the use of "Heart of the Valley" slogan.

Policy Statement

- 1) On written request, Council may grant the use of the registered trade mark "Heart of the Valley" for a nominal fee for the following purposes:
 - a) By commercial enterprise, community organizations, and sports groups located within the Town and the immediate area of the Town, in advertising campaigns as a footnote to letterhead and web pages.
 - b) Community and Sports groups may utilize the slogan as part of their legal name for registration as a non-profit organization.
- 2) The registered slogan "Heart of the Valley" shall not be used by private enterprise to form part of the legal name of a business.
- 3) The Council may grant approval, on written request, for use of its registered trade mark "Heart of the Valley" for a nominal fee, which shall be set in accordance with individual requests, for use on a commercial product. The Town reserves the right to cancel approval for use of the slogan and to order removal of any remaining product from sale.
- 4) The Town retains editorial approval on the use of the slogan. Applications for permission shall provide a general outline of their intended use of the slogan and sketches of proposed use on a product where available, when requesting approval.

(2) The operation of any refrigeration unit which is attached to a refrigeration truck is also exempt from the prohibitions in this Bylaw if the refrigeration truck is parked on private property, the owner of which has granted approval and does not disturb the peace and quiet of persons in any adjacent residence.

Grant of Exemptions by Council

- 6.
- (1) Notwithstanding anything contained in this Bylaw, any person may make application to Council to be granted an exemption from any of the provisions of this Bylaw with respect to the emission of noise for which that person might be prosecuted; and Council, by resolution, may refuse to grant the exemption or may grant the exemption applied for or any exemption of lesser effect; and any exemption granted shall specify the time period, not in excess of six months, during which the exemption shall be effective and the exemption shall be in written form and shall include such terms and conditions as Council deems appropriate.
- (2) In deciding whether or not to grant an exemption. Council shall give consideration to the social or commercial benefit of the proposed activity to the Town, the views of any residents of the Town which may be expressed to Council, the proposed hours of operation of the proposed noise-emitting activity and the proposed duration of the subject activity.
- (3) Before deciding whether or not to grant an exemption. Council shall give the applicant, and any person opposed to the application, an opportunity to be heard during a designated Council session and may consider such other matters as it deems appropriate.
- (4) Notice of the time, date and purpose of the Council session at which the hearing is proposed to take place shall be mailed to the assessed owner or owners as shown in the records of the Regional Assessment Office, of property located within 300 meters of the property which will be the subject of the hearing.

- (5) Any person(s), company, or organization applying for an exemption under this Section, must pay an application fee of fifty dollars (\$50.00) which can be waived by Council.
- (6) Any alleged breach by the applicant of any of the terms or conditions of any exemption granted by Council, shall be investigated by municipal staff, reported to Council in writing and Council shall determine whether or not a breach has taken place. If a breach has taken place, Council may pass a resolution revoking the exemption, without the necessity of giving notice of rescinding motion, and such exemption shall be null and void as of the passing of such resolution.

Severability:

7. If a court of competent jurisdiction should declare any section or part of a section of this Bylaw to be invalid, such section or part of a section shall not be construed as having persuaded or influenced Council to pass the remainder of the Bylaw and it is hereby declared that the remainder of the Bylaw shall be valid and shall remain in force. Each day is a separate and new offence.

Offence and Penalty

8. Any person who violates any section of this Bylaw is guilty of an offence and shall, on summary conviction, be liable to a fine of not less than one hundred dollars (\$100.00) and not more than one thousand dollars (\$1,000.00) or imprisonment for a period of not more than ninety (90) days, including the imposition of a minimum fine. Each event that constitutes a violation of this Bylaw is a separate offence; and if a violation is a continuing one, each day during which it continues constitutes a separate offence.

Payment in Lieu of Prosecution

9. (1) A person who is alleged to have violated this Bylaw and is given notice of the alleged violation may pay a penalty in the amount of \$125.00 to an official designated by the Chief Administrative Officer, which official and place of

payment shall be designated on the notice, provided that said payment is made within a period of fourteen (14) days following the day on which the alleged violation was committed and where the said notice so provides for payment in this manner, and such payment shall be in full satisfaction. releasing and discharging all penalties and imprisonments incurred by the person for said violation.

(2) If a person violates the same provision of this Bylaw twice within one six month period, the minimum penalty for the second such violation is \$200.00.

Amendments to Schedule "A"

10. The Town may amend Schedule "A" from time to time by resolution of Council.

Repeal of Bylaws, Regulations and Ordinances

11.

Chapter 11, Prevention of Disorder or Impropriety Bylaw, and any amendments thereto are hereby repealed.

THIS IS TO CERTIFY THAT this bylaw, of which the foregoing is a true copy, was duly passed at a duly called meeting of the Town Council by majority vote of the whole Council of the Town of Middleton on the 6^{th} day of October, 2003.

Mayor Sylvester Atkinson Town of Middleton PO Box 340 Middleton, NS B0S 1P0

June 7, 2017

Dear Mayor Atkinson,

The Annapolis Valley Regional Library will be hosting the Nova Scotia Library Association (NSLA) and the Library Boards Association of Nova Scotia (LBANS) annual joint conference from September 29 to October 1, 2017 at the Annapolis Basin Conference Centre. We host this conference approximately every 9 years on a rotating basis with other regional libraries.

This year's conference theme is *Libraries 150 : a celebration*. We are expecting to attract approximately 125 library workers and trustees from around Nova Scotia as well as presenters, municipal and provincial government representatives. This year there will be an extra set of sessions (5 in total), on Friday night and Saturday, that will spotlight our talented Nova Scotia authors, where the public will be invited to attend.

At this time we are seeking financial support in preparation for the conference by asking each of the municipalities in our region for a contribution of \$200. Your support will receive recognition in the Conference Program, on the website and at the conference location.

Thank you in advance for your consideration of this request. If you have questions or require further information, please contact us at (902) 538-2665.

Sincerely,

Wendy Ningar, Charlottes gres

Charlotte Janes, Systems and Collections Access Coordinator 2017 NSLA/LBANS Conference Co-convenor

2016/17 Year End

Year-end forecast \$190,802 surplus:

- Primary reasons are vacant position and budgeted work that was not completed.
- In general, all Department Heads manage departmental budgets extremely well to forecast and mitigate any potential overages.
- Staff have consistently presented a streamlined budget based on Council's direction for service levels
- Infrastructure is facing critical failure that will affect core services (i.e. water, sewer, facilities)

Options

- Reduce/adjust service levels and/or programming
- Staffing levels
- Re-evaluate Grant requests
- Utilize additional funds from reserves
- Increase tax rate
- Combination of two or more of the above options

Curb stops are used to stop the flow of water into a residence or business. This is sometimes required for the property owner to complete work on their in house water lines. If the customer has failed to make payment we also use them to terminate water services.

New Water Meter Installation with Touch Pads part of Planned Upgrade

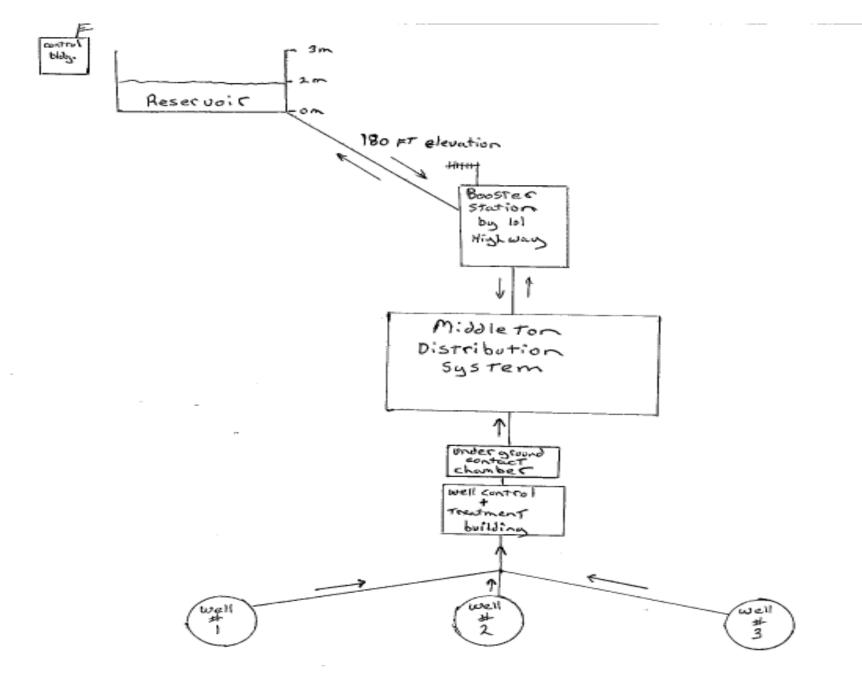

This is the outside reader. Town staff are replacing old meters and hard wire from the new meter to the outside of the building to a new tap reader. This allows readings to be taken without entering the building.

Water System Overview

- Well Field has 3 wells with 25 horse power submersible pumps
- Well House or Well Pumping Station
 - Power control soft starts are located in the well house
 - Treatment location for chlorine injection
 - Chlorine Room 2 chlorine pumps and a tank with flow meter
 - Continuous motoring equipment, chlorine PH, turbidity, temperature
 - Electrical Room contains SCADA panel, well control panels (soft starts), genset transfer switch- the technology does not match our generator.
 - Basement contains the watermains with chlorine injection lance, flow meter PRV the current system is not fully operational because it's too slow to react to the soft start on the pump, it is only operating as a gate valve, and digital pressure gauge.
- Contact Chamber is located north of the building and is located under ground. It's a large system of pipes to allow 20 minutes for the water to absorbs chlorine and properly disinfect the water before it reaches the first consumer
- Distribution Line including, trunk mains, mains, end consumer service (line, shut off, meter), flushing stations, hydrants and valves
 - 28,000 meters or 91,840 feet of watermain
 - 97 hydrants
 - 200-300 valves
- Booster Station Building 101 this building has 2 booster pumps, 2 PRVs, hydraulic gate valve, digital pressure gauge, SCADA panel with VFD to control booster flow, genset transfer switch with no plug, chlorine bulk storage area
- Reservoir 1 million gallon tank operating at half level, system includes building has 2 chlorine pumps, circulator pump for reservoir, chlorine monitoring analyzer, SCADA panel (communication information centre) and level sensor, currently we have no back up power system
- Emergency Back Up need 3 gensets to run in automatic Mode

In the Summer of 2017 Public Works will Reinstate Water Delivery System Flushing

- •Flushing is required for the regular maintenance of a healthy water system.
- •Allows for the removal of sediment that naturally falls to the bottom of the pipe.
- •Removes stagnate water from the system
- •Checks every hydrant in system to ensure it is in working order and ready for fire protection.
- •Used to collect data which will assist fire department and update our existing mapping system.

We will see coloured discharge which is normal. It can be black, brown, grey, rust or red. The crew will flush until water flows clear, readings reach a 5 NTU which should take 20 minutes per hydrant.

We will not see public works staff smoking cigars and hanging out with hands stuffed in their pockets.

Experience Some Public Concerns

• Calls you may receive

- Why is my water brown?
- Why are we wasting water?
- There is a water break on my street!
- My water pressure is horrible?
- Is my water safe to drink?

We will educate the public through

- Direct mailing in the next water billing
- Newspaper Ads
- Facebook
- Web Site
- What is taking place
- When it will be happening
- Why are we flushing lines
- How will it affect them

Time Frame

- 97 Hydrants @ 45 minutes per hydrant
- Program will take 72 ³⁄₄ hours
- 7 hours per day for a total of 11 working days
- Start Monday July 19th and advertize to August 5th
 - This would allow for potential hydrant failure and repair or replacement.

Upcoming Mandatory External Water Testing

- Corrosion Control Testing June Thursday 29th
- Well Field Testing Thursday July 6
- Post Treatment Testing Thursday July 6
- Lead Testing Thursday July 6

What Public Works has planned

- Drainage by the duck pond
- Victoria Street drainage
- Victoria Street historical questionable infrastructure will be corrected
- Corner of Church and School Street storm drainage corrected
- Painting & maintenance on hydrants
- Require day to day maintenance

Programs & Events

The busy season is definitely upon us. The Recreation and Community Services department, along with our team of summer staff and program leaders, have been working very hard to try to deliver the community a set of programs and events that are appealing to all age groups and all interests.

- August 20th Picnic in the Park

Aside from managing the summer staff as we plan and implement these summer programs and events, there are some behind-the-scenes things that have been keeping us busy as well.

Andy has been helping with some I.T. stuff as we set up the Visitor Information Center and all of the summer students with internet and computers. He has also been taking on some of the Economic Development tasks, and dealing with the extreme influx of information that needs to go out to the public both electronically and by hard copy.

Stephanie has been coordinating and leading some programs, including the after school programs that are getting ready to wrap up for the summer, and the start-up of the Walkie Talkie program. She has also been preparing her final reports for grant funding from the Province and planning a Community Challenge that you will hear more about in the near future.

I have been busy trying to support the staff as they work hard on all of their individual tasks as well as working with the rest of the management team on the budget – both capital and operating. I've also been working on this year's Youth Ambassador Program, which is gearing up for another round. Aside from that, I've been working with Karl as he's dealt with opening the pool, some technical issues at the SplashPad, and ongoing plan for dealing with the grubs and the fields.

I would like to take this opportunity to again thank all of the businesses that have continued to support our Department and our endeavours. We are very fortunate to be able to offer such a wide range of programs and events and that is due to the ongoing support we get from the business community, as well as the participating members who take advantage of those opportunities.

This is a picture of the new dock at Riverside Park. Thanks again to the Rotary Club for their kind donation.
